Overview

The Yale Alumni Diversity and Inclusion Task Force was established in February of 2016 to work in partnership with the Board of Governors of the Association of Yale Alumni (AYA), AYA staff and the administration of the University and given the following responsibilities:

- Evaluate current alumni programs offered through AYA and other alumni organizations for effective diversity and inclusion engagement, taking a comprehensive approach that considers race, ethnicity, gender, sexual orientation, disability, age, and other factors that shape perspective and experience. Benchmark relevant programs and best practices at peer institutions in higher education and in the public or private sectors as appropriate.
- Develop a diversity and inclusion strategic plan with specific, measurable, achievable, realistic and time-bound ways to strengthen and expand participation throughout the alumni community. Develop a checklist for alumni volunteer leaders of opportunities to strengthen or create new engagement through their initiatives and programs. Identify parameters for accountability and assessment to assist alumni leaders in measuring progress.
- Document ongoing diversity and inclusion efforts in alumni leadership and identify mechanisms for strengthening diversity at all levels of the alumni leadership pipeline. Consider leadership and recognition in all its forms across the broad spectrum of the Yale alumni community including: current AYA programs (Clubs, Classes, SIGs, Graduate School, advisory groups, and initiatives), Alumni Fellow and AYA Board nominations, award recognition (Yale Medal, Excellence and Leadership Awards, Howard R. Lamar Faculty Award). Engage with and learn from leadership structures in areas outside AYA’s purview such as alumni interviewing, Professional Schools, and athletic alumni associations.
- Establish a template for diversity, inclusion, and cultural competency training for alumni leaders in AYA-affiliated roles (AYA board, Yale Clubs, Classes, SIGs, AYA delegates, Graduate School, advisory councils, initiatives), which may also be made available to other alumni organizations (ASC, professional schools, athletic associations, etc.).
- Provide recommendations for ways to publish and promote diversity-related initiatives and accomplishments in alumni programs. Develop framework for AYA to serve as a resource to ensure effective communication with alumni in addressing their suggestions and concerns.
• Draft an AYA Board of Governors policy statement on diversity, inclusion, and equity that will serve as the vision for the Board’s goals in this area. AYA Board of Governors officers will collaborate on the preparation of the policy statement.

To accomplish this work, between February 2016 and June 2016, 20 individuals were recruited to serve as members of the Task Force. These individuals represent the broad diversity of the Yale community, inclusive of a variety social identity factors (race, ethnicity, gender, age, religious beliefs, professions and geographical locations). They are also proven change agents, thought-leaders, and subject matter experts in areas related to diversity, inclusion, and equity.

Supplemental to the Task Force, an Advisory Committee of 23 additional alum was formed to serve as a resource to the Task Force. The members of the Advisory Committee function as thought-partners, advisors, document reviewers and in other support roles to assist with the accomplishment of the charge of the Task Force.

The Task Force met in person in June 2016 and subsequently has held monthly conference calls. Operating with three subcommittees (Best Practice and Policy, Change Management and Stakeholder Engagement/Communications), the Task Force is currently conducting research and implementing consciousness-raising programming. Recommendations for on-going diversity, inclusion and equity policies and programming are being formulated.

Yale values diversity and inclusion through alumni engagement, recognizing that all individuals are unique and have important talents, leadership skills, and perspectives to contribute to Yale and our society overall. With that premise as its foundation, the mission of the Alumni Task Force is a) to provide leadership on the development of diversity and inclusion strategies in existing alumni programming, b) to leverage all forms of diversity to strengthen the alumni network, and c) to make recommendations for potential new programming and initiatives that might be offered to the Yale alumni community.

Statement of Purpose

This Request for Proposals is intended to secure the services of a professional writer who will work with the Task Force to prepare a comprehensive report that chronicles the work of the Task Force, summarizes the research conducted and delineates recommendations to enhance the AYA’s and University’s effectiveness in the areas of diversity, inclusion and equity. The resulting document will be used to 1) inform programming conducted by the AYA and its affiliates, 2) assist the University when responding to issues/concerns related to diversity, inclusion, and equity with respect to students, faculty and staff, 3) help benchmark progress in advancing diversity, inclusion, and equity within the Yale community, and related to students, faculty and staff, and 4) serve as a resource for other colleges/universities and other organizations.
Scope of Work

The contractor selected for this assignment will perform the following tasks:

a. Review written synopses, from the subcommittees and Task Force as a whole, which summarize meetings, research, events/activities with stakeholders, plans for future events and programming, and other information.

b. Participate in monthly, one-hour conference calls from March 2017 through June 2017.

c. Collaborate with the Task Force Co-Chairs to plan the layout and content domains of a comprehensive final report which summarizes the efforts of the Task Force.

d. Communicate with the leaders of the subcommittees, other members of the Task Force, Advisory Committee members and others, as needed, to clarify and collect information to be included in the final report.

e. Compile and combine written synopses, information from conference calls and follow up conversations, relevant data and other pertinent information into a scholarly document to be provided by the Task Force to the AYA, University administration and the Yale Corporation, and to be shared with stakeholders.

Contract Award Amount

The amount of the contract award will be between than $5000 and $15,000 for all services provided, on a fixed fee basis.

Timetable

Selection of a contractor will be fast-tracked due to an impending deadline to complete the overall project.
